

JUNIOR PRIVATE INSTRUCTION AND PASSPORT PROGRAMS

If you are thinking about your children learning a new language, our private instruction programs at Los Monitos Language Center are just the tool for them to reach their goals. The special children's program prices and policies last until the child's 14th birthday.

Private instruction is great for:

- Travel preparation
- Learning a language before moving to another country
- Home-schooling your children
- Learning a language not offered in schools
- ESL help for your newly adopted children
- School tutoring, AP prep, and college prep
- Intensive conversation practice
- Personalized family programs
- ASAP language prep in any language that we offer

Benefits of private instruction

One of the major appeals of private instruction is that it is tailor made for your child. Depending on their needs, school help, abroad studies, or exam prep etc., we can have our instructors focus on what they need to learn. This allows you to use both your time and money more efficiently. In these specialized classes, their instructor will teach them anything from specific vocabulary sets and key phrases that they need to know, to teaching them in an intensive immersion style.

We offer private instruction in six hour blocks. As a parent, you will also enjoy the benefit of being able to make your own schedule with those six hours. If your child can't wait for a group class to start, you can sign them up for private instruction and get started right away! In addition, if you want to do one lesson a week for one hour a week, or several lessons a week, we can set up a schedule that works for you and your child's busy schedules and their language goals.

Also financially, our re-scheduling and cancellation policy helps ensure that you get all time that you paid for. As long as you give us 24 hours notice before needing to re-schedule or cancel your child's class, you keep all of the hours that you purchased. For late cancellations students we lose one hour of the credit bought.

TO REGISTER, or for more information, go to www.losmonitos.com, or call (502) 893-0933

Children's rates for private instruction

Our children's block rate for six hours of private instruction is \$270. If you are planning on enrolling your child with us long term, then purchasing our **Passport Program** is a great way for you to save money. It costs \$100 up front and acts like a super coupon, discounting all of their private instruction 20 percent. The passport drops the price from \$270 to \$216, and it is paid for in your savings by the second block. By the third block of six hours, you will receive the full savings of \$54 every time you renew as long as you stay within our renewal policy.

Our children's passport program has a special frequent policy. As long as you purchase at least four blocks of classes every six months, then your passport discount will never expire. If you do not use four blocks of instruction then you renew your passport each six months for \$100.

If you are interested in putting together a semi-private class for two or more children, or a family program please contact us. We will provide you with our rates for our other specialty programs.

Terms and Conditions

Please note the passports are non-refundable. Also any private instruction not used after a year of purchase will no longer be valid. Credits can be transferred from one child to another for a \$10 fee.

Any late cancellations or rescheduling of private instruction can result in the loss of one hour of credit.
